

## Fresh Off The Set: Katie Cummings In POOL SIDE PUSSY

She came and she conquered. That would sum up the day I shot Katie Cummings for POOL SIDE PUSSY.

This young Cuban beauty from Florida was such a delight to work with. Good energy, a constant smile on her face, and the sex drive to make any man loose it. I got lost in the time of taking photos of her due to her caramel skin tone and beautiful eyes, along with her nice juicy ass and full natural tits.

Sascha was more excited then me, exclaiming how tight she was the whole time he was fucking her. And the pop all over her face definitely showed how much fun he had!

So if you see Katie coming your way, my advice is don't run - take her head on. You'll be thankful you did!
