

Fresh Off The Set: Stevie Hart In SOULED OUT 3

Ok, so I have gone and done something I haven't done in a while. I went ahead and shot a girl's very first scene, no solos, no nude modeling, none of that other little beginner stuff. This was a true full out, straight hardcore kind of first scene. I can usually be pretty reluctant shooting a first scene but I decided to take a chance this time.

The story goes something like this: A friend of mine who is in New York right now called me mentioning that a girl he knows from N.Y. is out in L.A., and she's interested in doing porn. Now usually in situations like this it can go either way, she can be not so attractive, or she can only be considering doing porn. So I ask him to give her my info, and she can reach out to me when she is ready.

Well a couple weeks later, I get a message via MySpace from a "Stevie Hart," and it turns out this is the girl. And by looking at her pics, she looks pretty hot. So we messaged a bit and decided to meet up, and not only was she way more hotter in person, but she was also cool as hell, expressing her love for sneakers and fashion.

So we set up a scene for a week later since she was ready to go. I put her with Mr. Marcus, because 1) He loves new girls and, 2) I think he knows how to bring them out of their shells. And boy is she a natural, I was pretty surprised at this girl's first time in front of a camera. I definitely look forward to shooting her more...so here it is, from my upcoming Vouyer Media movie SOULED OUT 3. Welcome to Porn Stevie Hart!
